WHAT IS MyMCHC PORTAL?

MyMCHC Portal provides secure, online access to your personal medical information. MyMCHC Portal will allow a patient to:

- Send a secure electronic message to their healthcare provider
- Request an appointment
- Request a prescription renewal
- View visit summaries
- View lab results and vitals
- Access healthcare resources
- View and print medication lists
- Update demographic information
- View a family member's medical record (authorization required)

HOW TO SIGN UP

Signing up for MyMCHC is easy!

When registering for services at Monroe County Hospital & Clinics, if you choose to provide a valid email address, a secure email will be sent that contains an invitation link and login information.

HOW TO CLAIM YOUR INVITATION

Open the email and click on the link that says **"Accept Invitation to MyMCHC Portal"**.

This will direct you to the MyMCHC Portal account set up page. You will be asked to provide information to verify your identity and set a password for your account.

If you do not see your invitation in your email's inbox, please check your spam or junk mail folders in your email account. If you still can't find it, please call the MCHC Medical Clinic at (641) 932-7172.

MyMCHC PROXY ACCESS

If you are age 13 years and over, you may give authorization to allow a family member to view your information by completing an authorization form. Authorization forms can be found on our website www.mchalbia.com or at one of our registration desks.

In addition, individuals who have Legal Guardianship or an active Durable Power of Attorney for a person can request proxy access. An authorization form will need to be completed for each proxy access request. Proof of legal guardianship and Durable Power of Attorney is required for authorization.

Questions regarding proxy access should be directed to the Health Information Management department at (641) 932-1736.
